Summary of technical specifications and performance requirements

Describe the manufacturing processes (elaborate to provide as much detail as possible)	We are looking for a company that already bottles water and is willing to white label/ partner with a Rhode Island business. This business would like to give and or sell the water to their customers with their branding on the bottles.
Provide dimensions / size / tolerances / performance specifications for the item	Container should be BPA Free 12-ounce plastic, aluminum, or boxed. If you cannot provide 12 oz, include what you can provide. We are open to larger table-size bottles as well.
List required materials needed to make the product, including materials of product components	Non-BPA. Water that has regular test results available upon request 2 – 4 times per year.
Are there applicable certification requirements?	No
Are there applicable regulations?	No
Additional Technical Comments
